

## Sentral Learner Management System at GSPS

At Gilles Street Primary School we use the [Sentral Learner Management System](#) to communicate with parents and staff. Through Sentral you will be notified of school news, events and other communications relevant to our school.

### Sentral for Parents

The [Sentral for Parents](#) app can be downloaded from the Google Play Store or the Apple App Store and used from your phone or tablet.

1. Once the app is downloaded to your phone, search 'Gilles Street Primary School'

2. Click 'Next'.

3. Enter username and password. If you do not have these yet, click 'Register Here'.

4. Create account. This will send a notification to the 'Assistant Principal – Teaching and Learning', who will then approve your account.

5. 'Assistant Principal – Teaching and Learning' will send you an Access Key which will connect you to your child(ren), allowing you to access your students records, reports and notices from their teacher.

You can skip this step in the initial set up and come back to it later. All general school information will still be available to you, just not the information specific to your family.

6. Screenshot 6 is the view once you have successfully logged into the app. Most school notices will come through the 'Portal' button

## Sentral Parent Portal

The [Sentral Parent Portal](#) can be accessed from any web browser on a computer or other device.

Go to <https://sentral.gillesstps.sa.edu.au/portal/register> to register or log-in to the parent portal.
